

"Re-connect to our future."

For me, this reunion was not a summation of our lives near the end, it was about reviewing and understanding the past but also embarking on a shared future together. In a sense "Life begins at 70". This reunion was not a Wake, it was a Christening ceremony, marking our rebirth to a new wonderful post 70 future, enhanced by our opportunity to reconnect to 860 great men.

Starting over with a new base of understanding. This is a great time to start over, creating new beginnings for ourselves. We are all starting a new cycle together that will tap into a great source of kindred energy going forward in our lives. T.S Eliot had it right when he wrote in his *Four Quartets*;

*"We shall not cease from exploration. And the end of all our exploring will be to arrive where we started, and know the place for the first time."*

Come back full circle to your own starting point. We will be there to greet you and join you moving forward from here. Continued contacts, shared emails, future reunions, special connections. A celebration of our future together, not our past. Our "**Bright College Years**" are still ahead of us.
